

HOMELESS LINK MEMBERSHIP

TOGETHER WE CAN END HOMELESSNESS

Homeless Link is the national membership charity for the homelessness sector in England. We currently have around 500 members, including almost half of daycentres and representing more than 15,000 hostel bed spaces. We represent all regions of England, with 80% of our members based outside London.

Homeless Link membership keeps you informed, connected, supported and represented at a regional and national level. By acting as the knowledge hub for information and debate on homelessness, Homeless Link improves services for homeless people and advocates policy change. Through this work, we aim to end homelessness in England.
