EDI Maturity Tool

Homeless Link's Equity, Diversity and Inclusion (EDI) Maturity Self-Assessment Tool will provide a structured set of self-assessment questions to help leaders in the homelessness sector assess the maturity of organisational EDI policies and practices.

We will be launching the tool at the Homeless Link Leadership Summit on 7 December 24.

EDI Maturity Tool

The EDI Tool aims to enable homelessness organisations to self-assess:

- maturity against a best practice framework;
- progress over time; and
- the effectiveness of their EDI-related strategies, policies, processes and initiatives.

EDI Maturity Tool

The EDI Tool poses a series of questions, grouped into four themes:

1. Governance, Strategy and Leadership
2. Culture and Voice
3. Recruitment, Management and Progression
4. Data, Monitoring and Evaluation

Leadership Summit

For CEOs and senior leaders

Homeless Link

Our annual two-day Leadership Summit provides leaders in our sector with the time and space needed to reflect on the past year and plan for times ahead, presenting the opportunity to learn from expert speakers as well as one another.

Valuable quality time away from the office, personal space to reflect, learn and be inspired by others with a wealth of knowledge and experience in the sector. Thank you, I will be back next year!

Leadership Summit delegate

This year's theme will be *Shaping the future*, focusing on how leaders can prepare for and create the strongest future for their organisation, the sector and the people they support.
